

## **Online Check-In Policy**

### **Online Check-In Information**

Air Botswana is pleased to offer Online Check-in service to simply allow you to manage your own check-in process.

With this service you can print your boarding pass from 24 hours prior to flight departure and have the flexibility to reserve or change your seat.

Online check in will close 50 minutes prior to departure for both Domestic and International flights.

Online check-in is possible from the following airports:

- Johannesburg
- Cape Town

### **Bag drop counter**

Passengers who have baggage to be checked in, may use the Air Botswana Express/Teemane Check-in counter for bag drop. If you have printed your own online boarding pass or checked in online, proceed to the bag drop counter, where your baggage will be tagged and sent to the aircraft. Should the bag drop counter be unavailable, a conventional check-in counter may be used.

If you are unable to print your online boarding pass, simply proceed to Air Botswana check-in counter.

Passengers who do not have baggage to be checked in, do not need to go to the Air Botswana check-in counters, but may proceed to the security check point.
